Joshua,

Congratulations!! I'm glad to hear you will be joining us in the Fall semester. You will need to watch your Saclink account for notification from the Office of Graduate Studies. They will be sending out your official email sometime around the first part of April. I will start sending out informational emails to your class in the next few weeks. If you haven't already done so, I **HIGHLY** recommend you complete your FASFA application. Once again, congratulations and I look forward to seeing in the Fall.
